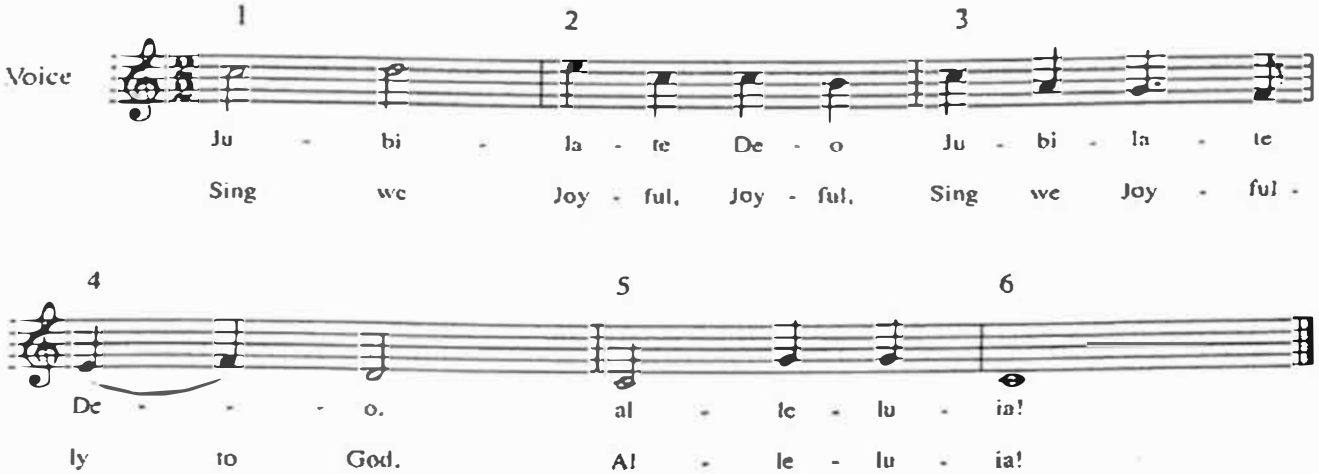
Jubilate Deo

Praetorius



PREPARING YOUR STUDENTS FOR THE AUDITION:

- Have the students sing the Latin lyrics only.

C Scale:

As part of the audition, each student will sing a one octave C Scale. This can be done using solfege or in any other manner with which the student is comfortable. This will give the adjudicators the opportunity to hear the pitch and tone quality of each student's voice. Each student will hear Middle C played before singing the scale, and then sing the C scale ascending and descending.
